OUR VISION

When Finance understands the operational intricacies that drive inventory management, and Operations appreciates the Financial implications of their decisions, and Sales forecasts align with production schedules, magic happens.

Each department passing the baton smoothly and efficiently to ensure the team crosses the finish line together, this is KBix Solutions vision for success.

HOW WE DRIVE THE MOVEMENT...

Picture a RELAY RACE:

We believe each department holds the baton of data and insight. KBix Solutions LLC serves as the coach and trainer. We orchestrate the integration of systems and processes to ensure every departmental handoff is smooth and purposeful.

3 Strategies We Use

STRATEGY 01

WE INVOLVE PEOPLE: CHANGE MANAGEMENT

Getting people to change & collaborate toward a common goal only happens one person at a time. Our Change Management strategies produce candid conversations, turning friction points into seamless transitions.

**We work with your teams to say
goodbye to departmental silos.**

STRATEGY 02

WE OPTIMIZE PROCESS

As an Epicor Certified Services Partner with 30+ years of experience in technical, leadership and functional business acumen, you can trust our expert team can get your departments to extend a hand to the other, fostering seamless collaboration toward a shared vision.

STRATEGY03

WE LISTEN

We understand that every business is unique. KBix Solutions LLC will work closely with each department to develop customized ERP solutions that align with your specific needs and objectives.

Your technology goals may be part of a Marathon, not a Sprint. Our project planning will help navigate the course.
